## PROJECTS

### **BMI Calculator**

Dec 2023 - Dec 2023

<https://yashastro11.github.io/BMI-Calculator/>

I created the BMI calculator with the help of HTML, CSS and JS

### **Mini Library**

Aug 2022 - Aug 2022

<https://github.com/YashAstro11/Mini-Library>

Created a mini library where you can read the summary of any scripture, stories and poems.

### **Food Delivery Website**

Jun 2021 - Jun 2021

<https://yashastro11.github.io/Food-Delivery-Website/>

Created a simple responsive food delivery website by just using HTML and CSS

### **Edoto**

Apr 2024 - Present

<https://yashastro11.github.io/EDITO/>

I am working on a website where you can see, like and download the edits.

In future I also add database for searching the edits.

## SKILLS
